

Electric Guitar & Bass Repairs

Electric Guitar Services

| Service Type | Description | Price |
|-------------------------------------|--|-------|
| Re-string Electric Guitar | Labour cost of string replacement on a 6 string electric guitar. Does not include cost of strings | \$15 |
| Setup and Re-string Electric Guitar | Includes mandatory re-string. Does not include cost of strings. Standard tuning (EADGBE) will be used unless customer specifies alternate tuning. There is an additional charge of \$10.00 for labour in the case of a floating or locking tremolo ('whammy'). | \$60 |
| Setup and Re-string Floyd Rose Trem | This is a full setup on a locking tremolo system (Floyd Rose, for example). Standard tuning (EADGBE) will be used unless customer specifies an alternate tuning. | \$80 |
| Install Pickup (each) | Installation of new pickup (and removal of previous pickup where needed). Does not include cost of new pickup. Custom wiring may require additional charge. | \$40 |
| Install Coil-tap | Does not include parts. Service only available on coil-tap ready pickups. | \$35 |
| Install VCC | Does not include parts. Available only on coil-tap pickups. Bypasses stock tone control. Additional charges may apply for custom wiring. | \$60 |
| Re-string electric bass | Labour for re-string of 4 or 5 string electric bass guitar. Cost of strings not included. | \$15 |
| Setup Bass Guitar | Re-string is considered mandatory and is included in cost of service. Standard setup is designed for low action playing on the bass. | \$60 |
