

We are proud to be more than just an ordinary music store offering guitars, drums, digital pianos, amplifiers, PA systems, lighting, recording equipment, rentals, repairs, [classes \(through Visionary College\)](#), and advice from our trained industry professionals. Our product lines extend from musical instruments to professional sound equipment for live sound and recording.

Our in-store techs can service and repair almost any musical instrument, from guitars to mandolins to saxophones, and have you back playing in no time.

Rental equipment ranges from lighting rigs to P.A. systems to individual instruments, and our highly experienced staff can teach you the ins and outs of everything we rent, so you can be absolutely sure of what you are renting, and how to properly and efficiently operate it.
